

BELL, TELUS PHONE SERVICE DOWN IN PARTS OF ATLANTIC REGION

Please be advised that a current Bell, Telus telecommunications incident is underway affecting all regions of Canada East of Toronto.

If you are an Eastlink or Rogers customer; you are mostly insulated from this outage. You may not be able to contact companies and individuals that are Bell or Telus subscribers.

Please see the following web link for details: <http://canadianoutages.com/status/bell/map>

Please see the following web link for details on how this could affect you in other ways: [CBCnews article](#)

Please contact Dymaxion for support via email or phone. Dymaxion is an Eastlink subscriber and continues to have service.
